

China Healthcare Study Tour

For healthcare executives, hospital managers, doctors, medical educators, investors, and MBA groups.

ROUTE BRIEF

Why this route is valuable

- Hospital operations, international departments, checkup centers, specialty chains, and patient service flow.
- Doctor, hospital operator, or healthcare expert Q&A where host approval and schedules allow.
- Medtech, AI healthcare, digital health, genetic testing, or health management company options.
- Backup format: healthcare market briefing, service-flow mapping, and expert roundtable.

Core modules

- Hospital visit subject to approval
- Doctor-led Q&A
- Medtech and digital health
- Compliance-aware route design

All company, hospital, lab, school, and campus visits are subject to host approval, academic calendar, security policy
